

Warranty

The Pool Tile Company (ABN 40 009 824 499) warrant natural stone they supply as complying with the requirements of the *Trade Practices Act (1974) - Statutory Warranties*. The Pool Tile Company Pty Ltd warrants for a period of 10 years following installation, their natural stone

IS OF MERCHANTABLE QUALITY - The product will be of a level of quality and performance that is reasonable to expect having regard to its price and the way it is described.

CORRESPONDS TO THE DESCRIPTIONS AND SAMPLES - All natural stone samples are from actual materials that would ordinarily be made available for sale.

IS FIT FOR PURPOSE – The Pool Tile Company natural stone is suitable for use around swimming pools both salt and fresh where water balance is maintained in accordance with *Australian Standard 3633 (1989) – “Private Swimming Pools - Water Quality”*. We recommend the product be sealed every three years or in accordance with the sealer manufacturer’s instructions and guidelines for maintaining the best result.

IS FREE FROM DEFECTS - There are no hidden defects which affect the merchantable quality of the goods.

Dropface product, must be installed as per the “Recommended installation of mitred dropface” document that is available on our website and on page 2 of this document. If it is deemed that the installation does not meet our recommended installation method and glue coverage, as per AS 3958.1 2007, the warranty on the product will be void.

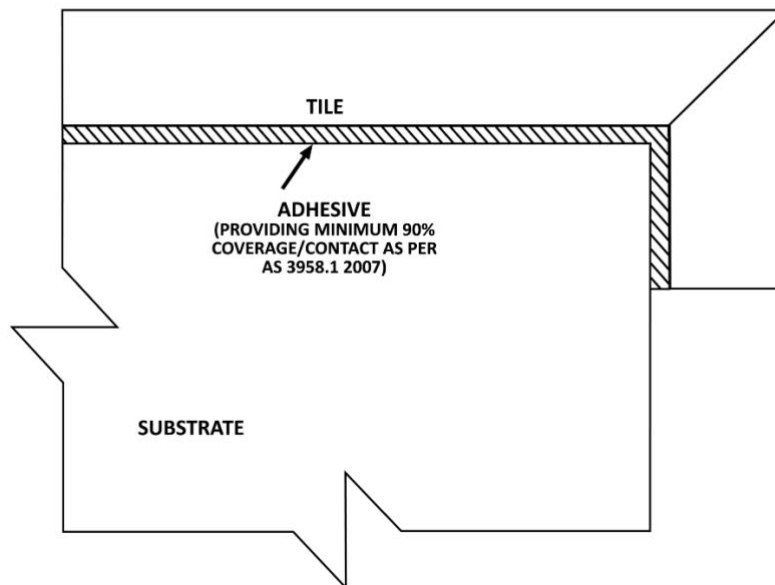

The scope of this Warranty is limited to replacement of defective product. It does not extend to collateral damage of any kind. All claims will be assessed on-site, where possible, by a Pool Tile Company Pty Ltd representative.

The Pool Tile Company Pty Limited are not the installers of the product. We recommend that this product be professionally applied by licensed tilers with tiling experience using appropriate glues and grouts for natural stone. The Pool Tile Company cannot and will not be held responsible for application faults. Damage caused by incorrect installation practices, movement in the concrete shell of the pool and/or incorrect water balance is out of the control of The Pool Tile Company Pty Limited and therefore not covered by this warranty.
