

SS620 Ballarat Gold

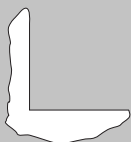

Loose Stone Cladding

Stone Thickness 150-450mm
Sold per Square Metre

Corner Piece SS620c

Stone Thickness 150-450mm
Sold per Lineal Metre

Always on trend; free-form, loose natural stone cladding will add texture, stylish visual appeal and a unique creativity to any facade or feature wall, whether internal or external. The loose quartzite stone pieces of Ballarat Gold are a rich blend of creamy golds, light tawny browns and soft greys. The pieces are random in shape and mostly consistent in size. Ballarat Gold is a bonanza for those wanting their feature wall or facade to be perfectly golden with either warm-toned or cool-toned surrounds. Boom! Corner pieces available.

We recommend sealing of all natural stone products.
