

# SS300 Contempo Natural

## Panel Size

350x180mm

A star is born!

Contempo Natural Blend stack stone wall cladding features various sized and shaped pieces of quartzite in natural light grey and soft brown and ochre colours. It has a three-dimensional effect that adds interest, character and real star quality! It works well with either warm or cool toned stone tiles around your pool area or perhaps you have exterior porcelain tiles which are all the rage at the moment.

Contempo is capable of merging your pool deck or outdoor area with its natural surroundings. You'll be star struck with Contempo Natural Blend stone cladding!
