

SS020 Frosted Ice

Get ready for a major infatuation!

Panel Size

550x150mm

Frosted Ice stone wall cladding is a wonderful amalgamation of cream, almond, blue-grey and green-grey quartzite pieces. When paired with Parisian Blue Limestone or Silver Travertine it's true beauty can no longer be ignored.

Then just add Smoke Glass or Antique Aqua or Antique Opal or Neptune 23mm ceramic mosaic as a waterline tile band and you have found your Wonderwall!
